Greetings, prospective Junior Staff member!

I hope you are excited about the opportunity to spend some of your summer at Camp Phillip. There are hundreds of children who are excited to go to Camp Phillip this summer. There is work to be done for these children. Campers need good role models, a listening ear, a friendly smile, and lots of Christian love.

One of the most vital elements of our summer camp ministry is for children to be around staff members for whom Christianity is not just a religion, but also a way of life. We are hoping you are interested in being and qualified to be one of those staff members. It is important that all Junior Staff members:

- Reflect Christian love and service to the campers
- Desire spiritual growth in themselves and campers
- Show joy in the Lord
- Display patience and self-control
- Have eagerness to learn
- Demonstrate respect for authority
- Be honest
- Have a sense of humor
- Are confirmed members of a WELS church

After completing a week of training, you will be given the opportunity to return to camp during the summer to serve the campers. During your time of volunteer service you will spend time with the campers, lead programs, and help in the kitchen. In addition to the camp activities you will be helping with, you will also get to spend time with other Christian teens that are part of the program.

Being a member of Junior Staff provides teens with a vast amount of fun, introduces them to friends and role models, and offers them encouragement and support. I encourage you to strongly consider being a part of this powerful program. It may change your life.

Peace in Christ,

Eli Midthun

P.S. - There is a lot of important information on the back of this letter!

Training week details

All teens interested in volunteering are expected to attend Junior Staff training. During this week, teens will be trained in Christian leadership and supervision, communicating with children, witnessing techniques and other skills.

Along with the training, teens will make friendships that will last a lifetime and create memories that will be talked about for years to come. Most importantly, teens will grow in their faith. The week is sure to be both a fun and rewarding experience!

Training week is June 7th-12th. The \$263 fee for training week covers meals, lodging in cabins, program costs, ropes course, staff handouts, staff t-shirt, on-site insurance and state sales tax.

If the cost of training week is an issue, please call or email for information about receiving a campership to pay for some or all of your fees.

Check-in for Junior Staff training is 2:30-4:00 pm on Sunday, June 7th. Teens may be picked up from camp on Friday, June 12th, at 10:30 am.

Please note: Junior staff is not a right, it is a privilege. Training week is also part of the evaluation process. If we are concerned about inappropriate behavior or maturity, teens may not be asked to volunteer during the summer.

If you are still interested in being a part of camp but are not interested in taking on the responsibilities of Junior Staff, please talk to Eli for more information.

FAQs

I cannot attend Junior Staff training, may I still be on Junior staff? For a first year Junior Staff, the answer is no. We need you to be at some of training week in order to understand your role as a Junior Staff member. For second and third year Junior Staff, exceptions may be made in certain situations, but recognize that priorities for volunteer weeks will go to those who attended training.

I still have school/exams during junior staff training week. Does this mean I can't do Junior Staff? Unfortunately, there is not a different time we can schedule training week. This does sometimes cause conflicts with school schedules. The first thing you should do is speak to your teachers. In the past, many school administrators have allowed students to take exams early or make other arrangements in order to allow them to be a part of the junior staff program. Even if you can only make a few days of training, it is better than not making it at all, but please understand priorities will go to qualified Junior Staff that are able to attend all of training. If you have tried rescheduling and still are not able to make any of training, then please refer to the question before this one.

If I am volunteering two weeks in a row, or my parents are going to be here the week before/after I am here, may I spend that Saturday night at camp? The adult staff have off, so there will be no supervision. If you stay, you may stay in a cabin. You will need a note from your parents permitting you to stay at camp and go into town for meals.

Why can't I know my volunteer weeks ahead of time? Due to the high number of Junior Staff applicants, several may select the same volunteer weeks. The process of finding spots for all the volunteers will not be able to be completed until after evaluation during training week.

I will not be getting my application in on time, can I still apply? The answer is yes; however, please understand that if there are too many applicants by the time you apply, you may not be accepted into the program simply because it is already full. Priorities will go to qualified teens that have sent their applications in on time.

If we are selected to volunteer, what time do we arrive for our volunteer week and is there a fee? All staff must plan to be at camp, settled in, and ready to go by 12:45 p.m. on the day they begin their time of service. Upon arrival at camp for your time of volunteer service, you will be assigned lodging for that session. At 1:00 p.m. the opening staff meeting will be held. The only fee involved with volunteer weeks during the summer is \$5 per week to help cover the food for Junior Staff night off. This fee does not apply to half week camps, as there is no night off.
